

# CSR Scorecard VAN AS

This CSR Scorecard displays performance on important CSR issues. The issues presented have been selected by FIRA based on market analysis and expert judgment, or are based on the issue analysis and/or materiality analysis (including stakeholder feedback) executed by the company. Each issue is explained, click on the word 'Explain' and read the explanation of the issue and related expectations.

The score per issue is based on transparency and evaluation of “impact”: when a company adds policies, programs and measures the score will grow providing they show tangible impact on the issue.

For added details on the ‘scoring methodology’ we refer to the manual. Final scores are determined based on FIRA expert judgment.

**Please note that the maximum score for the CSR Quickscan subscription is two quarters.**

To review issues selected by the company in question (for Extended and Complete CSR Reports), please click the “Issue-selection-by” checkbox with the company name (below the company logo, next to the FIRA checkbox). For all CSR Reports (except Quickscans) a summary is available, please click the checkbox “Show FIRA Summary” (at the top of the report) for review purposes.

**Formal Name** Drukkerij van As B.V.  
**CoC Number** 24437068  
**Subscription** CSR Quickscan published 20-12-18
